Are you ready to become a leader?

www.internationalmasters.ro

In today's world, people are at the core of any company, both employees and customers. Which is why the 21st century leader must possess a wide range of hard and soft skills, which they develop through both learning and doing.

We have brought together some of the most entrepreneurial and business-oriented professionals to develop the **Master in Management**, a 1-year program that blends in class time and internships to give you the most out of the practice of leadership. Plus, our strong partnerships with the business world gives you access to job placements once you finish the program.

During this accredited masters degree, you will gain the knowledge, insight and experience required to guide any company towards progress, regardless of their business context. By studying in 2 countries, Romania and Netherlands, you will gain access to experienced faculty, international companies and a multicultural community, who will help you form a 360 degree view on leadership.

The MSM Master in Management will ultimately challenge you to develop your own unique approach to management.

Dora Surugiu-Kocsolade
Program Manager

"With a Dutch degree and modules in Maastricht, on one hand, and project-based internships in Romanian companies plus Romanian and international professors with lots of business experience, on the other, the Master in Management program from MsM Romania is the best of both worlds. For students who graduated in Romania or abroad, with undergrad diplomas in management or in completely different fields, this is the perfect master to start a career."

Radu Atanasiu
Lecturer of Critical Thinking
Maastricht School of Management Romania

Master in Management

www.internationalmasters.ro

The first Master in Management to upgrade both hard and soft skills for future leaders

The MSM Master in Management (MM) program is a 10 month full-time master's program for recent graduates and young professionals with the ambition to manage people and processes with success in any organization, country or context.

Our MM provides you with a first necessary step to fast-forward your career to higher levels by providing you with a solid foundation in the practice and theory of management in a fast-changing global world.

Out of the 10 months, 2 months are spent learning in Maastricht. The course fee does not include accommodation, travel, study materials and living fees.

PRACTICE IT!

Connect theory to practice

The program combines class time and practice, incorporating 3 mandatory internships which we facilitate. We ensure there is a strong partnership with the companies in which you will practice the internship, so you have access to several business divisions. You will then help work on a group company project where you apply the knowledge you have gained through study and receive feedback from the company's top managers. Plus, our partnerships also offer you a high probability of job placements after graduation.

MASTER IT!

Develop effective skills to manage responsibly

Our MiM program is people-focused: organizations are created and exist by people for people. Through the Personal Development Program you will develop the personal and interpersonal skills you need as a manager. Additionally you will gain a deeper understanding of how organizations that are responsibly managed adopt and adhere to ethical standards.

"Our state-of-the-art curriculum equips the young manager with all the necessary knowledge and skills to bring real value to today's competitive business organizations."

ACCESS IT!

Use our broad business and alumni network

You will gain exposure to great companies and organizations: multinationals, national and international entrepreneurial business, non-profit organizations, communities of learning, both in Romania and Netherlands. You will be learning in the classrooms from top professionals and academics, you will be learning from your peers and learning by doing while working in real projects in real companies in 3 distinct Business Consultancy Projects.

EXPLORE IT!

Live and learn in the heart of Europe

Even though the main location for studying is Bucharest, Romania, you will also study for 9 weeks in one of the oldest and most European cities in the Netherlands: Maastricht. The lively city is located along the river Meuse and within easy access of Amsterdam, Brussels, Cologne, Frankfurt, London and Paris. The city hosts many international students.

Prof. Aad van Mourik, Phd
Academic Coordinator
Master in Management program
Maastricht

The curriculum consists of 13 courses, one group company project, a Supply Chain Management project, a Personal Development Program of workshops and an integrative final project resulting in a total of 60 ECTS and equivalent study load of 1800 hours.

"With classes being distributed between Maastricht and Bucharest and a strong internship, our programme actively blends the management theory delivered by top academics with hands-on experience built in interaction with well known experts."

Sergiu Negut
 Entrepreneurial Growth
 Associated Dean MSM Romania,
 Adjunct Teacher of Strategy

"The Masters in Management at Maastricht School of Management Romania has been well above expectations so far. It's everything I was looking for, and more."

We learn real-life problems and solutions from qualified professionals that have spent years (even decades!) in their respective fields.

As the classes are small, lecturers have time to spend with each individual student, ensuring we all understand the materials, stay on top of our assignments and are well prepared for our exams."

Selina David-Velula
 Student Master in Management,
 2019-2020 Academic Year

Fees, scholarships, admission

www.internationalmasters.ro

ADMISSION

Admission requirements – Phase 1

There is no final deadline for applications, these are processed upon receipt and places are filled on a first come, first serve basis (provided students are admitted by the Graduate Admission Board).

Prepare the following documents:

- Diploma or statement expected date of graduation
- Official transcripts or a copy of your (temporary) list of grades
- Personal résumé / CV
- Letter of recommendation (a reference request can be sent directly via e-mail to admission@msmromania.org)
- A letter of motivation
- Proof of English proficiency
- Copy of your passport or your EU identity card

Only complete applications will be reviewed. Diplomas and transcripts can be submitted in English, Dutch, French or German, preferred language is English. Other documents should be in English.

Admission requirements Phase 2

Interview by an MSM Romania faculty or staff member, or an MSM Romania alumnus. This interview will give the applicant a chance to a chance to highlight any motivation or skills beyond the CV and letter of motivation.

Admission requirements and process - Phase 3

After payment of 1st instalment and prior to the start of the MM program four, online leveling courses (Accounting, Finance, Statistics and Economics) are required to be satisfactorily completed. Alternatively, if you have completed the GMAT (Graduate Management Admission Test) with a score of 600 or higher (or a GRE with an equivalent score), the leveling courses are waived.
